Dear Mr Burton

**Enabling good member outcomes in work-based pension provision**

ICAEW welcomes the opportunity to comment on the consultation paper *Enabling good member outcomes in work-based pension provision* published by The Pensions Regulator in January 2011.

ICAEW operates under a Royal Charter, working in the public interest. Its regulation of its members, in particular its responsibilities in respect of auditors, is overseen by the Financial Reporting Council. As a world leading professional accountancy body, we provide leadership and practical support to over 136,000 members in more than 160 countries, working with governments, regulators and industry in order to ensure the highest standards are maintained. We are a founding member of the Global Accounting Alliance with over 775,000 members worldwide.

We support this timely and well-placed initiative from the Pensions Regulator. ICAEW has no detailed comments at this stage, but we would like to offer our assistance with the development of proposals (in particular from practical implementation perspective) and we therefore look forward to commenting on the resulting proposals as they are developed.

Please contact me should you wish to discuss any such further proposals.

Yours sincerely

Liz Cole
