TAX LAW REWRITE: BILL 5: CORPORATION TAX

RELATIONSHIPS TREATED AS LOAN RELATIONSHIPS ETC: OEICs, UNIT TRUSTS AND OFFSHORE FUNDS

INTRODUCTION

1. We welcome the opportunity to comment on the draft clauses in Paper CC/SC(08)25 (Bill 5: Relationships treated as loan relationships etc: OEICs, unit trusts and offshore funds) issued on 19 June 2008 by HMRC's Tax Law Rewrite team at www.hmrc.gov.uk/rewrite/index.htm.
2. Details about the Institute of Chartered Accountants in England and Wales and the Tax Faculty are in Annex 1. Our Ten Tenets for a Better Tax System which we use as a benchmark are summarised in Annex 2.

GENERAL COMMENTS

3. We responded to draft Bill 5: Corporation Tax, which included in Chapter 3 of Part 7 a version of the Paper CC/SC(08)25 draft clauses which did not apply to OEICs pending the making of the Authorised Investment Funds (Tax) (Amendment No 2) Regulations 2008 (SI 2008/1463), in TAXREP 35/08 dated 21.5.2008.
4. We have now reviewed the revised version of the draft Bill 5 Chapter 3 of Part 7 clauses, amended to apply also to OEICs, following SI 2008/1463, and we are content with the drafting of these.
5. We confirm that we are content with Change 64 in Annex 1. Having regard to the explanation in Change 64, we support the adoption of the wider definition of what is an offshore fund in clause 3 (Meaning of "offshore fund" etc) and particularly through clause 3(2).
6. We are also content with Change 378 in Annex 1.

ANSWER TO QUESTION

7. **Q1** We support the extension of the Treasury's order-making power, in clause 11(1) (Power to change investments that are qualifying investments), so that amendments can be made to the list of qualifying investments not just for investments of unit trust schemes and offshore funds, but also for investments of OEICs.

DETAILED COMMENT ON DRAFTING

cl 3 Meaning of "offshore fund" etc

8. In Explanatory Notes paragraph 6, in the first sentence, 'investment' should be 'interest'.

THE TAX FACULTY'S TEN TENETS FOR A BETTER TAX SYSTEM

The tax system should be:

1. **Statutory:** tax legislation should be enacted by statute and subject to proper democratic scrutiny by Parliament.
2. **Certain:** in virtually all circumstances the application of the tax rules should be certain. It should not normally be necessary for anyone to resort to the courts in order to resolve how the rules operate in relation to his or her tax affairs.
3. **Simple:** the tax rules should aim to be simple, understandable and clear in their objectives.
4. **Easy to collect and to calculate:** a person's tax liability should be easy to calculate and straightforward and cheap to collect.
5. **Properly targeted:** when anti-avoidance legislation is passed, due regard should be had to maintaining the simplicity and certainty of the tax system by targeting it to close specific loopholes.
6. **Constant:** Changes to the underlying rules should be kept to a minimum. There should be a justifiable economic and/or social basis for any change to the tax rules and this justification should be made public and the underlying policy made clear.
7. **Subject to proper consultation:** other than in exceptional circumstances, the Government should allow adequate time for both the drafting of tax legislation and full consultation on it.
8. **Regularly reviewed:** the tax rules should be subject to a regular public review to determine their continuing relevance and whether their original justification has been realised. If a tax rule is no longer relevant, then it should be repealed.
9. **Fair and reasonable:** the revenue authorities have a duty to exercise their powers reasonably. There should be a right of appeal to an independent tribunal against all their decisions.
10. **Competitive:** tax rules and rates should be framed so as to encourage investment, capital and trade in and with the UK.

These are explained in more detail in our discussion document published in October 1999 as **TAXGUIDE 4/99**; see <http://www.icaew.co.uk/index.cfm?route=128518>.
