Table 3: Summary of Business Confidence Index by company type

Table 4: Financial performance indicators

Table 5: Factors affecting business performance

TECHNICAL INFORMATION

The ICAEW/Grant Thornton UK Business Confidence Monitor (BCM) is conducted by ICAEW with assistance from Centre for Economics and Business Research (Cebr) and Kudos Research.

Reports are based on data drawn from a continuous research programme consisting of approximately 4,000 telephone interviews each year with ICAEW members working in industry and commerce. The interviews typically last 12–15 minutes and gather opinions on past performance and future prospects for members' businesses and investigate perceived changes in the impact of factors such as availability of skills, government regulation and the tax regime.

Each quarter the latest 1,000 interviews are aggregated to produce the new quarterly dataset which measures the current views of members. The current dataset is based on interviewing conducted during the period 30 October 2012 – 25 January 2013.

Data are weighted to ensure the profile of each quarter's survey sample accurately represents the UK economy (by value) for company size (no. of employees), regional location and industry sector.

BUSINESS CONFIDENCE INDEX METHODOLOGY

The Business Confidence Index is calculated from the responses to the following:

'Overall, how would you describe your confidence in the economic prospects facing your business over the next 12 months, compared to the previous 12 months?'

A score was applied to each response as shown to the right, and an average score calculated.

Using this method, a Confidence Index of +100 would indicate that all survey respondents were much more confident about future prospects, while -100 would indicate that all survey respondents were much less confident about future prospects.

Further technical details on the design of the survey are available upon request.

Variable	Score
Much more confident	+100
Slightly more confident	+50
As confident	0
Slightly less confident	-50
Much less confident	-100

WEIGHTING APPROACH

Those interviewed in the survey are categorised by regional location, company size (no. of employees) and industry sector.

Rim weighting has been applied to ensure the profile of each quarter's sample accurately represents the UK economy. Weighting factors applied to this quarter's data are detailed below. Target weights for sector and region are derived from Office of National Statistics published data on GVA (Gross Value Added) 2009. Weights for company size are based on turnover data for start 2011 published by the Small Business Analytical Unit of the Department for Business, Innovation and Skills. (Previous quarters were weighted to most up-to-date sources available at the time which were not materially different.)

	Sample number	Profile unweighted sample	Profile weighted sample
	Number	%	%
REGION	Total ▶ 1000		
London	175	18	20
South East (excluding London)	145	15	16
South West	78	8	8
East of England	89	9	10
East Midlands	69	7	6
West Midlands	81	8	8
North West	107	11	10
Northern England	63	6	3
Yorks & Humber	78	8	7
England TOTAL	885	89	88
Scotland	52	5	9
Wales	62	6	4
Northern Ireland	1	0	0

CONT'D...

Weighted figures may not sum to 100% due to rounding

	Sample number	Profile unweighted sample	Profile weighted sample
	Number	%	%
SIZE (EMPLOYEES)	Total ▶ 1,000		
Micro (<10)	129	13	13
Small (10-49)	191	19	18

Consumer Service Activities*	129	13	12

Weighted figures may not sum to 100% due to rounding

* = Hotels & Catering, Health & Education and Other Service Activities

COVERAGE OF REGIONAL ECONOMIC ACTIVITY

Analysis shows the data which forms the basis of the BCM Business Confidence Index covers a significant proportion of UK economic activity both for the UK as a whole, and for the different UK regions. This assures that our data is accurately capturing the mood of UK business.

The table below shows our estimate of the proportion of economic activity which is represented by the businesses interviewed in BCM each quarter. (Further detail on the technical approach taken is available on request.)

REGION	Coverage of economic activity (Gross Value Add)
	%
London	0.9
South East (excluding London)	1.2
South West	1.2
East of England	1.2
East Midlands	1.6
West Midlands	1.3
North West	1.3
Northern England	2.9
Yorks & Humber	1.3
Scotland	0.9
Wales	2.4
UK	1.1

* e.g. postal services, communication services, etc

Q Has the impact of _____ - [FACTOR] on your organisation's performance changed, compared to 12 months ago?

Q Has _____ [FACTOR] become a greater or lesser challenge to your organisation's performance?

KEY:

Grant Thornton UK LLP

Dynamic organisations know they need to apply both reason and instinct to decision-making. At Grant Thornton, this is how we advise our clients every day. We combine award-winning technical expertise with the intuition, insight and confidence gained from our extensive sector experience and a deeper understanding of our clients.

In the UK, we are led by more than 200 partners and employ nearly 4,500 of the profession's brightest minds, operating from 27 offices. We provide assurance, tax and specialist advisory services to over 40,000 privately-held businesses, public interest entities and individuals nationwide.

We are the UK member firm of Grant Thornton International Ltd, one of the world's leading organisations of independent assurance, tax and advisory firms. With over 35,000 Grant Thornton people, across 120 countries, all focused on making a difference to clients, colleagues and the communities in which we live and work.

ICAEW is a professional membership organisation, supporting over 140,000 chartered accountants around the world. Through our technical knowledge, skills and expertise, we provide insight and leadership to the global accountancy and finance profession.

Our members provide financial knowledge and guidance based on the highest professional, technical and ethical standards. We develop and support individuals, organisations and communities to help them achieve long-term, sustainable economic value.

Because of us, people can do business with confidence.
